**Handling Skills (20 points)**

20 points-junior/cat interaction -observable in the ring as well as through questions asked about the responsibility of caring totally for his/her cat. The judge should take into consideration the appropriateness of the cat chosen by the junior (such as a small 8 year old attempting to handle a large full grown Maine Coon, or a junior attempting to handle an uncontrollable cat would not be conducive to long term success).

**Overall Presentation (40 points)**

The quality of the cat is NOT judged. Juniors are observed keeping in mind age/level appropriateness. The judge will ask questions at the end of the presentation. 20 points for demonstration and presentation such as a judge would do to a cat during a final - telling about each significant feature on the cat (breed/HHP, color, pattern, size, body part shapes, etc). 20 points for knowledge of the breed or basic HHP knowledge, cat care, grooming, and ring readiness - judge asks impromptu questions that are relative to the cat the child is presenting in the ring.

**20 Points Demonstration/Presentation**
