ANTHONY HUTCHERSON FOR TICA VICE PRESIDENT

I offer my abilities and skill to fulfill the purposes of The International Cat Association. I will assist the President and fellow members on the mission to improve the lives cats and cat lovers through greater appreciation and understanding. I can deliver progress toward a better TICA through the employ of modern science, greater engagement with academia, increased utilization of corporate support and higher public visibility. TICA's history and mission compel us to advocate for the right to enjoy purposefully bred or and household pet cats around the world and I can do more for those causes as your Vice President.

TICA has made me better; allow me to join the efforts to make TICA better.
