We have 2 beautiful TICA registered Bengal kittens left, 14 weeks old, current shots, dewormed, and spayed. Each will come with the TICA certificate, the DNA and genetic testing, and the lineage of both parents. The father is imported bloodline from Russia, and the mother has a glitter coat. For any questions or comments, please call 760-361-6067 or visit our website famous-felines.com. I will be able to deliver any kitten within a 3-hour distance of Chico, CA. If you purchase both, I can drop the price $250 for each kitten.
