

My name is Tracy Dopko and I am running for the Kurilian Bobtail Committee. I have been a TICA member and show participant with TICA for over 10 years, including many Regional wins and an International win this year, and have been actively showing Kurilian Bobtails for the last 5 years. Our cattery name is "Daventryfarms."

I have submitted successful rule changes to TICA, created the music video for the 2017 TICA Annual and I was TICA's Junior Project Manager and webmaster for the last six months. I currently manage a Kurilian Bobtail Show group on Facebook.

In my personal life, I am a website designer, equine appraiser/equine expert witness and I am also a horse show judge and Chair several committees for Equestrian Canada and the United States Equestrian Federation. I have been in charge of creating power point presentations for various judging programs and breed programs and would like to use my expertise for the Kurilian Bobtail Committee to help educate the general public and TICA members about this wonderful breed.

I feel the promotion for the Kurilian Bobtails is lacking and would like to help the Kurilian Bobtail Committee introduce a few promotional campaigns, create a Kurilian Bobtail seminar that can be used for the judging program and make sure the Kurilian breed stays up to date on the TICA website.

Thanks,  
Tracy Dopko
