

Potentially Poisonous Plants

If your cat has ingested any of part of the plants below, and you cannot get to your vet, call the Pet Poison Hotline (<http://www.petpoisonhelpline.com/>) 800 – 213 – 6680

Pet Poison Helpline is a 24-hour service available throughout North America and the Caribbean for pet owners and veterinary professionals who require assistance with treating a potentially poisoned pet. We have the ability to help every pet, with all types of poisonings, 24 hours a day. Our knowledge and expertise will put your mind at ease when dealing with a potential emergency.

In order to provide this critical service, please be advised that there is a \$35 per incident fee, payable by credit card. This fee covers the initial consultation as well as all follow-up calls associated with the management of the case
