13. Unanimous consent by Crockett to accept the Marketing Report. Carried without objection.

14. Unanimous consent by Crockett to accept TICA's Financial Audit Report for the fiscal year July 1, 2016 - June 30, 2017. Carried without objection. (See Addendum.)

President Fisher noted that the audit would be published for membership review in the TICA Trend.
TICA’s Balance Sheet as of March 31, 2018, was presented by President Fisher, noting that TICA’s investment account exceeded $500,000 with an asset allocation of 79% in Fixed Income investments, 18% in U.S. Equities and 3% cash. Two bonds within the Fixed Income Allocation would be maturing in August and November respectively, amounting to $40,000. The recommendation to the Board was to authorize that the receipts of these maturities be re-invested into US equity positions (following the investment policy of purchasing Blue Chip Dividend Stocks) and that $60,000 of TICA’s current bank balance be invested in Foreign Equities (following the same investment policy applied to U.S. stock purchases).

15. Motion by Vlach and second by Crockett to change the Asset Allocation of TICA's investment portfolio by re-investing maturing Fixed Income Bonds of approximately $40,000 in US Blue Chip Dividend stocks and transferring $60,000 of TICA's current bank account balance to RBC Wealth Management to be invested in Foreign Equity stocks (equivalent to US Blue Chip Dividend Stocks). **Motion carried** unanimously.

The proposed budget for FY 2018-2019 was presented and discussed.

16. Motion by Crockett and second by Hutcherson to approve the budget for the fiscal year ending June 30, 2019, with the amendment to add $25,000 to the computer programming line item. **Motion carried** with Patton opposed.

17. With regret at the loss of TICA's Vice President, Bobbie Tullo, President Fisher called for the next Agenda item to be the election for the position of Vice President from the Board. In accordance with the TICA's By-Laws, a vacancy in the position of Vice President is filled by the Board through the election of one of its members. Vacancies created by the election to Vice President are to be filled by an appointment from the affected region as Interim Regional Director.

The President presented the three names of Board Members who were willing to be considered for the position of Vice President:

- Ralph Stadter, EN
- Anthony Hutcherson, MA
- Luiz Paulo Faccioli, SA.

Nominees were asked to give statements and Board members were asked for questions and comments. It was agreed that the successful nominee must receive a majority of the total vote which might result in a runoff between the top two nominees.

The first round of voting had the following results:
- Voting for Stadter - Chisholm, Crockett, Madison, Patton, Stadter, Vlach
- Voting for Hutcherson - Hansen, Harrison, Hutcherson, Kuroda, Mahan
- Voting for Faccioli: - Meserve, Faccioli

For a second round of voting the Board Members were asked to choose between Stadter and Hutcherson. The final votes were:
- Voting for Stadter - Chisholm, Crockett, Madison, Patton, Stadter, Vlach, Faccioli (7)
- Voting for Hutcherson - Hansen, Harrison, Hutcherson, Kuroda, Mahan, Meserve (6)

Ralph Stadter was **appointed** as Vice President effective immediately. Hutcherson and Faccioli

18. Motion by Stadter and second by Meserve to appoint Agata Kruszona-Zawadzka as Interim Regional Director for EN effective immediately. **Motion carried** unanimously.

19. Unanimous consent by Crockett to recess for the day. **Carried** without objection

**May 20, 2018 - Open Meeting**

The meeting was called to order at 7:00 AM CST.

Agata Kruszona-Zawadzka was present as Interim Regional Director for EN.

20. Unanimous consent by Vlach to accept the proposed amendment to Board Governance Article 5: Travel Reimbursement: President/Vice President (Officers). **Carried** without objection. The following changes to the Board Governance document go into effect immediately: Patton commented that she felt that Board Members should be compensated at 100% percent for their time and duties for Board Meeting.

   **Claiming Reimbursement:** Officers may claim reimbursement under this policy by completing and submitting the TICA official Expense Report.

   All original receipts must be attached for any expenses claimed which are not prepaid for directly by the Association or included in per diem. **Expense reimbursements for the Vice President must be approved by the President, prior to payment.** Expense reimbursements for the President must be approved by the Chairman of the Finance Committee, prior to payment.

21. Unanimous consent by Crockett to accept the amendment of Board Governance Article 6 with the correction of a grammatical error in the last sentence. **Unanimous consent denied.**

22. Motion by Crockett and second by Faccioli to accept the amendment of Board Governance Article 6: Travel Reimbursement: Regional Directors with a correction in the last sentence, replacing "and" with "or". **Motion carried** with Patton opposed. The following changes to the Board Governance document go into effect immediately:

   **Amend Article SIX: Travel Reimbursement: Regional Directors:**

   It is the policy of the board that, when funds are available, a portion of the transportation expenses of the Regional Directors will be reimbursed when they attend Board Meetings.

   - **North American RDs**—Up to $300 for meetings held in North America
   - **International RDs**—Up to $800 for meetings held in North America

   **For meetings held internationally**

   - **Directors from the continent in which the meeting is held**—Up to $300
   - **Other directors**—Up to $800

   **Procedures for Implementation of Policy:** Reimbursement of Travel Expense
If a Director chooses to travel by car to a meeting, the director may be reimbursed:

Mileage at the prevailing rate allowed by the Internal Revenue Service OR

The cost of an airline ticket, including any additional ground transportation and parking fees required.

The Director must demonstrate that the cost of travel by car is the lesser by submitting a printout of the lowest available fare between the airport nearest to the Director and the location of the meeting—brief analysis, comparing the two.

Directors judging the a show in conjunction with a meeting or those using mileage award tickets will not be reimbursed.

Per Diem: The Board may set per diem reimbursement rates based upon the published rates and guidelines of the United States Government Services Administration. The applicable rate is classified as M& IE (meals and incidental expense). “Incidental expense” is defined as fees and tips given to porters, baggage carriers, and hotel staff.

Per diem may be claimed for the day prior to, the duration and the day following a meeting, unless otherwise approved by the Board. Travel days are paid at the rate of 75% of the approved rate. Any meals paid on behalf of a Director shall be deducted from per diem. The Board may authorize a per diem rate to adjust for the increased cost of the TICA Annual banquet.

Lodging: The Association is responsible for the payment of hotel accommodations for the day prior to, the duration, and the day following a meeting, unless otherwise approved by the Board.

23. Motion by Harrison and second by Hutchinson to add Board Governance Article Nine: Discipline and Penalties. Motion carried with Patton and Madison opposed. The following changes to the Board Governance document go into effect immediately: Patton felt that this proposal may hurt TICA members from not having representation.

Add Article NINE: Discipline and Penalties: The Board of Directors of The International Cat Association has adopted policies in regard to its expectation of the appropriate behavior for conducting both its business as a body and for individual members of the Board. Many of these expectations are specifically enumerated with this Board Governance document while additional expectations are set out by laws governing the duties and responsibilities of a director in the nonprofit business sector.

Policy: In following with Roberts Rules of Order, the Board Chair cannot impose a penalty on a Board Member for misbehavior; only the Board, itself, can do so. Any member of the Board can make a motion proposing a penalty. Following are possible motions that can be made for deliberation:

A motion that the Board member must apologize.

A motion that the Board member must leave the room during the remainder of the meeting. A motion to censure the Board member.
In accordance with TICA By Law 122.6.3, a motion to suspend the Board member's rights for a designated period of time.

The member may be asked to leave the meeting while a penalty is discussed. This requires a motion and a simple majority to adopt. If the Board elects to allow the member to remain during discussion, the member should be allowed to speak briefly in his or her defense.

Any penalty (other than suspension under By Law 122.6.3) requires a majority vote of the board members in attendance to adopt.

24. Motion by Hutcherson and second by Harrison to add Standing Rule 105.1 Duties of Board of Directors. Motion denied with Hansen, Harrison, Hutcherson and Mahan in favor. Patton stated: “The proposal as written is incomplete and is prejudiced against non-judge Regional Directors.

As the Board feels the proposal has merit and may more appropriately belong in Board Governance Policies, President Fisher volunteered to work with Hutcherson to return a new proposal to the Board.

25. Motion by Stadter and second by Hansen to take no action to amend Standing Rule 207.1.1.1. Motion carried with Stadter and Patton opposed. Stadter made the following comment: “The proposed change was supposed to clarify the process which has been in place since TICA was founded. The current process is not something that was an interpretation by the TICA Executive Office as mentioned in the rationale. However, there will (hopefully) be a proposal to be discussed at the Annual to further clarify the situation”.

26. Motion by Hansen and second by Harrison to amend Standing Rule 903.1 Annual Preparation Timeline as proposed. Motion carried with Madison opposed and Vlach abstaining. The following changes to the Standing Rules go into effect immediately:

29. Motion by Faccioli and second by Chisholm to refer this proposal to the Judging Committee for a recommendation. **Motion carried** with Crockett and Madison opposed and Stadter abstaining.

30. Motion by Faccioli and second by Vlach to take no action on the proposal to amend Judging Program 410.2 (LIGJ Status). **Motion carried** with Stadter abstaining.

31. A Board roll call voice vote was conducted to break the tie for the third European representative to the new Judging Committee.

   **Outcome**: Pascal Remy was elected to fill the third position from Europe

32. Unanimous consent by Faccioli to appoint Anderson, Kajon, Webb, Whyte, Cunningham, Krenn, Holmes, Remy, Lopez, and Hattori to the Judging Committee. **Carried** without objection. The appointments go into effect immediately.

33. The President announced that she would appoint Marylou Anderson as Judging Administrator.

The President announced that, with Anderson's recommendation, she would appoint Katharina Krenn as Deputy Judging Administrator.

34. Motion by Vlach and second by Faccioli to approve the President's appointment. **Motion carried** with Harrison abstaining. The appointment goes into effect immediately.

35. Motion by Crockett and second by Stadter to add Show Rule 210.13 (Exhibitor Behavior) as proposed. **Motion carried** unanimously. The following change to the Show Rules will go on the next membership ballot: Madison made the following comment: "I am not in favor of this rule due to complications and the possibility of the suits. Show committees are able to handle this. However, I will leave the decision up to the membership for their vote.” Patton commented: "I feel the proposal is incomplete as written.”

210.13 During the show, no exhibitor shall harass or threaten other exhibitors, judges or guests. While in the show ring, exhibitors shall not make audible derogatory remarks about other exhibits, exhibitors or judges.

Kruszona-Zawadzka left the meeting at 10:05 am due to prior travel arrangements.

36. Motion by Hutcherson and second by Hansen to add Show Rule 22.2.3 Exhibitor ONLY Education Shows. **Motion denied** with Hansen, Harrison, Hutcherson, Mahan, Meserve and Stadter voting in favor. Crockett made the following comment: “Since this needed a membership vote the changes should be worked out and brought back to the Annual.” Patton commented: I feel the proposal is incomplete and restricts current regions/clubs from putting on educational shows. The discount for licensing is detrimental to TICA and also the year-end regional rebates.

37. Motion by Crockett and second by Vlach to **take no action** on the addition of 22.2.4 International Breed Specialty Show. **Motion carried** with Hansen, Harrison, Hutcherson, Kuroda, and Mahan opposed.

38. Motion by Faccioli and second by Crockett to amend Bylaw 122.6.3. **Motion carried** unanimously. Patton commented: “I believe that every person has a right to vote and to defend themselves.

The following change to the By-Laws will go on the next membership ballot:

122.6.3 An elected officer or director of the Association may not be expelled by the Board of Directors from membership in the Association or as officer and director, but may be suspended from membership in the Association and/or as officer and director for misconduct or violation or infraction of the Association's rules by a vote of two-thirds of the members of the Board of Directors. The total number of Directors includes the individual being suspended, who does not have a vote due to the conflict of interest. In the event of such suspension from the Board of Directors for more than 60 days, the Board of Directors must submit a ballot within 60 days to the membership, or a portion of the membership, which elected the individual, requesting a vote on the suspension or expulsion of the individual from membership and as officer and director. The suspension
by the Board shall end if the ballot is not so submitted or if the membership does not vote in favor of suspension or expulsion.

122.6.3.1 In the event of suspension of a Regional Director, the board shall appoint a qualified member from that region to act as an Interim Regional Director during the period of suspension.

39. Unanimous consent by Hansen to go into a committee of the whole to allow Sandra Scarro to speak on the Breed Advancement of the Tennessee Rex. Carried without objection.

43. Motion by Madison and second by Hutcherson to appoint Margot Hill as the Working Breed Group Chair for the Toybob Breed. Motion denied with Hutcherson, Kuroda, Madison, and Patton in favor. Stadter made the following comment: “The topic was brought up at the end of a meeting without having been on the agenda. I do not feel comfortable making decisions without having had input on the topics from the affected members”.

44. Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The International Cat Association, Inc. (known as “TICA”) was incorporated October 25, 1982 under the Texas Non-Profit Corporation Act, with its primary purpose being the promotion and dissemination of educational and scientific information on felines to the general public. The Board of Directors, comprised of a President and Vice-President, and Regional Directors, oversees the activities of the Association.

Basis of Accounting

TICA’s financial statements have been prepared on the accrual basis of accounting. Revenues and expenses are recognized and recorded when earned or incurred. Financial statement presentation follows the recommendations of the FASB Accounting Standards Codification (ASC) 958-205 (Not-for-Profit Entities – Presentation of Financial Statements). In accordance with ASC 958-205, the Association is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. The financial statements reflect unrestricted net assets and activities. TICA does not have any temporarily or permanently restricted net assets and activities at the present time.

Membership Receivables

Membership receivables are recorded at the amount the Association expects to collect on balances outstanding at year end. Management closely monitors outstanding balances and writes off, as of year end, all balances that it deems to be uncollectible.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as unrestricted contributions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. No activity was temporarily or permanently restricted during the years ended June 30, 2016 and 2015.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
NOTE A - SIGNIFICANT ACCOUNTING POLICIES - Continued

Concentrations of Risk

Concentrations of Risk Due to Temporary Cash Investments and Trade Accounts Receivable

Financial instruments that potentially subject the Association to concentrations of risk consist principally of temporary cash investments and trade accounts receivable. The Association places its temporary cash investments with financial institutions and limits the amount of credit exposure to any one financial institution. Concentrations of credit risk with respect to trade accounts receivable are limited due to the large number of members comprising the Association's membership and their dispersion across different geographic areas.

Concentration of Risk Arising from Cash Deposits in Excess of Insured Limits

The Association maintains cash balances with high quality credit institutions. At times such cash and investments may be in excess of the FDIC insurance limit.

Income Taxes

As discussed in Note D, the Association received approval of its exempt status effective February 11, 2014. TICA's Form 1120, U. S. Corporation Income Tax Return, for the year ending 2013 and period ending February 10, 2014 and Forms 990, Return of Organization Exempt from Income Tax, for the period ending June 30, 2014, and years ending June 30, 2016 and 2015 are subject to examination by the IRS, generally for 3 years after they were filed. TICA is not currently under examination by any federal or state taxing authorities. The Association believes it has no uncertain tax positions.

Inventories

Inventories of supplies for resale as of June 30, 2016 and 2015, is stated at principally the lower of cost or market. Cost is determined on the first-in, first-out basis.

Property, Plant and Equipment

Property, plant and equipment acquisitions have consistently been recorded at cost if purchased or fair value at date of gift if donated. Major renewals and improvements which extend the life of an asset or benefit one or more subsequent periods are capitalized. Replacements, maintenance, and repairs which do not extend or improve the life of existing assets are charged against income in the period incurred. When properties or equipment are retired or otherwise disposed of, the property and related accumulated depreciation accounts are relieved of the applicable amounts. Gains or losses from normal retirements or sales are credited or charged to income.

Depreciation

Equipment and furniture are being depreciated using the straight-line method over their estimated useful lives, ranging from 3 to 10 years. Depreciation expense totaled $21,267 and $19,866 for the years ended June 30, 2016 and 2015, respectively.
NOTE A - SIGNIFICANT ACCOUNTING POLICIES - Continued

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Association considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents.

Certificates of Deposit

Certificates of deposit, totaling $30,889 and $30,758 at June 30, 2016 and 2015, respectively, are presented on a separate line on the accompanying financial statements. The certificates bear interest ranging from .20% to .30% and have maturities ranging from three months to one year, with penalties for early withdrawal. Any penalties for early withdrawal would not have a material effect on the financial statements.

Non-Profit Status

The Association has adopted the policy that no member shall personally profit from the operations of the Association except for reasonable compensation for services actually rendered by officers and employees of the Association.

Prepaid Expenses

Prepaid expenses are advance payments for products or services that will be used in operations at some future period.

Advertising

The Association expenses all advertising costs when incurred.

Credit Memos

Credit memos are generated when customers overpay for services or remit payment for registrations that are pending approval or required documentation. The credits are reduced when customers are refunded or once required documentation is received and the registration is granted.

Compensated Absences

The Association allows full-time employees to receive compensation for vacation leave. Vacation hours, which accrue from the first day of employment, can be taken as soon as the initial probationary period has lapsed. The estimate related to compensated absences is based on vacation hours earned and current pay rates. The cost of compensated absences is recognized as salary and wage expense.
NOTE B - OPERATING LEASES

On March 1, 2012, TICA entered into a five year operating lease for office space. The monthly payments on the lease are $2,565.

The following is a schedule by years of future minimum payments required under the lease agreement as of June 30:

</tbody>

Total lease expense charged to operations amounted to $43,254 and $47,496 for the years ended June 30, 2016 and 2015, respectively.

NOTE C - EMPLOYEE BENEFIT PLAN

TICA has a defined contribution retirement plan covering all employees who have worked at the Association longer than one year. Under the plan, TICA will match an employee’s salary deferral contributions up to a maximum of 3% of the employee’s compensation. Under the Internal Revenue Code, the plan is referred to as a Savings Incentive Match Plan for Employees.
NOTE D - FEDERAL INCOME TAXES AND DEFERRED INCOME TAXES

As discussed in Note A, the Association was organized and incorporated under the Texas Non-Profit Corporation Act and filed an application for exempt status. The Association had originally intended to be exempt from federal income taxes under the provisions of Section 501(c)(6) of the Internal Revenue Code. However, the application originally submitted to the Internal Revenue Service in 1993 for consideration as a not-for-profit, exempt organization under Section 501(c)(6) of the Internal Revenue Code was denied. As a result, TICA has filed federal income tax returns as a for-profit corporation with applicable provisions made for federal income taxes through February 10, 2014. The Association received notice in September 2014 that approval of exempt status was granted under provisions of Section 501(c)(4) of the Internal Revenue Code. The exemption is effective as of February 11, 2014.

NOTE E - SUBSEQUENT EVENTS

For purposes of reporting subsequent events, management has considered events occurring up to November 27, 2016; the date the report was available to be issued.
MARKETING AND BUSINESS DEVELOPMENT
Meeting May 19-20, 2018 “Electronic”

Director Marketing & Business Development: Roeann Fulkerson
Liaison to Board: Vickie Fisher and Ellen Crockett

Brief Summation of Immediate Past Business Development Activities:

TICA closed out the 2017/2018 show season and rocketed into the new 2018/2019 show season. EO ran a report as of 4/30/2018 showing TICA has 214 Clubs Chartered. Not all Clubs have renewed yet, they have until June 30 before penalties come into play. I will update this number to the Board at the Summer Meeting.

Show Sponsorship funding to date, TICA received 53 club requests for sponsor funding shows in the U.S. and 13 club shows outside the U.S. with 1 in Asia. Also, TICA funded 10 new club shows. We are 12 less application surveys than same time last year, and we have not yet received several of the regional shows requests.

TICA launched several creative new program and events this year and was a major participant at others. One foremost exciting program is “TICA Cat Care 101”. Christina Duffney, TICA Communication Manager stayed busy getting information together after her idea to launch this program at 2018 AKC/TICA Meet the Breeds in February. Almost 100 Certificates and TICA Cat Care Patches were given to Girl Scouts, Boy Scouts and children attending the Cat Care 101 course at Meet the Breeds event. Huge success.

Once the word got out about this new program, several clubs asked to participate. Still working the “kinks” we were asked to present to a Girl Scout/Brownie troop in California, directly prior to the America’s Family Pet Expo/TICA World of Cats. Sharon Kalani was gracious enough to spend one of
her evenings presenting to a Brownie Troup. Lots of photos were taken and used for televised promotions of the Expo event and TICA cat show/education.

This was the first year TICA was invited to participate in three TV Studio Morning shows with the pedigreed cats. Big thanks go to Christina for making this happen! It wasn’t easy! Indebted and thanks to Laurie Schiff, Marion Yates Schiff and Tamara Steel for being the spokesperson and cat wranglers on morning TV!

This TICA children’s Cat Care 101 program was heavily promoted on Social Media with significant return.

With a great deal of assistance from Christina Duffney, during the World Pet Association-America’s Family Pet Expo/TICA World of Cats, Sharon Shulby presented the “TICA Cat Care 101” half the day Friday and all-day Saturday and Sunday. Almost 200 “TICA Responsible Cat Care” patches and Certificates were distributed from her education booth.

Sandy Hale designed great signage for the 8’ pop-up banner to bring children to the Education Ring.

A huge thank you goes out to everyone who made this an enormous success!
TICA now has a beautiful tri-fold Therapy Cat brochure created by Christina with assistance from Laurie Patton with final design professional layout by TICA’s new webmaster and digital designer, Jonathan Patterson. This brochure was completed and ready for distribution at Meet the Breeds. We have already received requests from Therapy Cat owners and for the brochures to be used at other TICA events this year.

It's a wonderful elevation of “TICA to be among the leaders” in feline medicine, nutrition, behavior and charity. As collaborative conversations commence or continue this sets a conscious and subconscious tone of shared values. **TICA did not “purchase”** this recognition exposure, it was **given to TICA by AAFP**.

This statement references the recently distributed glossy oversized postcards sent out to hundreds announcing the 2018 (AAFP) American Association of Feline Practitioners. Note TICA’s logo included at the bottom (red arrow) along with other Pet Industry leaders.

TICA has again this year been invited to provide cats for the enormously popular breakout seminar on “Friendly Cat Handling” presented by renowned feline veterinarian, Dr. Ilona Rodan.
A first for TICA this year was to attend Global Pet Expo and be the highlighted attendee at Dr. Elsey Precious Cat vendor booth. Global Pet Expo was held in Orlando, FL, March 20-24. Imagine 17 football fields end to end, that over 343,700 square feet of all types of pet products.

Global Pet Expo, presented by the American Pet Products Association (APPA) and Pet Industry Distributors Association (PIDA), is the pet industry's largest annual trade show featuring the newest, most innovative pet products on the market today. The event featured 1,130 exhibitors, 3,437 booths and more than 3,000 new product launches. 6,761 of the most qualified pet product buyers in the industry attended the Show, including an impressive number of international retailers.

TICA brought Feline Kitten Agility and introduction of Therapy Cats. Dr. Elsey specifically requested Anthony Hutcherson to attend with his Bengals, which he brought two. Jennifer Hardin worked diligently for weeks to create the right size Agility course to fit into a 10’ x 20’ booth, still giving the cats a choice of obstacles and taking only half the booth. Gina Zaro, Dr. Elsey and his sales team were very pleased with the attention our TICA cats brought to the booth.

Super Zoo, presented by the World Pet Association, being held at Mandalay Bay, Las Vegas, June 25-29, 2018. Networking: As the largest gathering of pet retail and service professionals in North America, SuperZoo helps strengthen existing relationships and we can make new connections. More than 1,000 exhibitors, and more than 820 new products make their debut each year at SuperZoo—meaning attendees see them first! TICA will again have Agility however this event the ring setup will be a 10’x10’. We will be promoting cats and great Therapy companions and of course be distributing the TICA World of Cats Visitor Guides and both TICA Coloring Books.

Current Happenings of Business Development:

TICA has engaged another TICA Endorsement of Excellence. The new sponsor partner is Sleepypod. Sleepypod is a unique Cat Carrier and TICA selected six events to hold a drawing and Giveaway a $190 value carrier. The first was drawn at Meet the Breeds, the second at America’s Family Pet Expo. There will be four additional contest drawings. Sleepypod purchased the Endorsement of Excellence package from TICA and this involves Sleepypod placing the TICA Endorsement logo on ALL the companies’ feline product packaging. This is another excellent partner who will be promoting TICA with each purchase to their customers.

With the addition of Sleepypod TICA now has eight major corporation who use the TICA Endorsement of Excellence on all company packaging.
TICA now has a page posted on the website with explanation of “State of the Cat” genetic research project, State of the Cat with Mars Wisdom Health. A partnership of TICA and Optimal Selection by Wisdom Health to improve awareness and advance understanding of feline genetics. The target is DNA samples from 1,000 pedigreed cats. Since the first of the year, TICA has participated with over 750 cats tested.

TICA is designing an all new TICA World of Cats Visitor Guide and plans are to create an interesting Activity Book for kids and adults about cats in place of a 2018 coloring book.

The Denver County Fair is on the calendar for 2018 with lots of enthusiasm. The event was purchased by the National Western Stock corporation and the new owners reached out to Jackie Rose begging TICA to take over the entire Feline Presence at this event. The previous Kitten Pavilion was voted by the public as the #2 reason they attended the Fair so TICA again has the opportunity to present our pedigreed cats, feline agility, community fun cat show and TICA licensed Championship and HHP show.

TWITTER FACEBOOK/INSTAGRAM and FACEBOOK are now being overseen and worked by a dedicated Social Media professional. Please help us welcome Julie Rorabaugh, rorabaughj@yahoo.com as TICA’s new Social Media expert. If you have any fun and/or interesting things to share, please reach out to Julie! As of today, the TICA Corporate FB page has over 40,000 likes.

eNewsletter is being set out monthly to over 9,000 opted in subscribers. IF you aren’t signed up, you should be. If you didn’t receive this months eNewsletter that came out the 15th of this month, go online and take a look. Christina Duffney spends a great deal of time, effort and work to bring you the most relevant news and stories happening in TICA.

Future Projections for Business Development:

The TICA website has already been mentioned above. The FaceBook and Twitter accounts also have outlines created for improving followers. As of today, the TICA Corporate FB page has 39,994 likes. The goal was to receive 40,000 by year ending 2017 and the team did get pretty close!

The Pet Effect and HABI both provide and encourage the utilization of information and downloading of materials at www.thepeteffect.org or https://veterinarian.thepeteffect.org/. It is the best way to gain access to The Pet Effect resources. “We encourage everyone to visit the site, download material,” says Lauren Gibb, Marketing Manager for Zoetis.

TICA attended Western Vet Conference and will be attending four more Veterinarian Conferences in 2018. It is also looking like we will have at least five Pet Expos where TICA will be the Feline Presence at the event. TICA has such a tremendous “draw” from the public that three Expo Companies are offering compensation for us to attend their events.

Club Show Sponsorships Surveys have already been coming in fast. It would be a GREAT idea for Regions to get your request for Regional Show Sponsorship in quickly. Go to the Members Tab on www.tica.org after the Members page loads, select Club Information from the left tab and scroll down the page. The surveys are available. Once completed, email to and only to: ShowSponsorship@tica.org Please know, it takes 45 to 60 days to process after your survey is received.
