For Information Only

No breed may recognize for championship cats which are phenotypically indistinguishable from an already established breed; that is, each breed recognized for championship must be unique. However, this restriction does not apply to registration. Such cats are acceptable for registration and breeding purposes.

If the breed is approved for Championship, a Breed Committee shall be elected in the next regular election.

Meeting the requirements set forth in these rules does not guarantee advancement. The Board of Directors shall judge each request for advancement on a case by case basis.

Every *new* breed must meet the following requirements in each of the next three show years following acceptance in order to retain championship status:

- Register a minimum of 25 additional cats of the breed.
- Exhibit a minimum of 10 individual cats of the breed in at least 15 rings in at least 3 regions.
- Have at least 5 TICA members in a minimum of 3 regions who are actively breeding the breed.
- It is the responsibility of the Breed Committee to document that all requirements have been met by providing a report to the Genetics Committee, the Rules Committee and the Executive Office. Failure to meet the requirements of 33.8.15 will result in the breed being returned to Advanced New Breed status.
