

# Ocicat Breed Committee Candidate

*Robin Madigan  
Midnitemoon Ocicats*

**LA, BW, SGC Calumetcats Gojira of Midnitemoon**

I am the current chair of the Ocicat Breed Committee and a TICA member since 2013. I am seeking your support for another term on the breed committee as its' Chairwoman.

It was several years ago that I became aware that our breed committee was inactive and I set out to change that. I with the help of other committed breeders stepped up to make our committee an active part of TICA once again and I was greatly honored to be elected as the Chairwoman of our breed group. During my tenure as the Committee Chairwoman I have published in the TICA Trend (volume 44) a breed article and made myself available to answer any questions our members and non-members have had about the Ocicat. I am currently working with the other committee members on updating our official breed seminar.

While I admire and appreciate many of our cat breeds none have ever captured my heart like the Ocicat has. I have shown them exclusively for 19 years and maintained an active breeding program for the last 13 years. I have a good understanding of the challenges we face operating both a breeding program and exhibition schedule. Over the years I have shown many of my cats to LA, BW, SGC titles and I know well the challenges we face with a minority breed in the show halls as well. This is another reason that I and the current committee members are working on an updated official breed seminar to assist our TICA judges.

As a breed committee member it will always be my goal to safeguard the health, temperament and welfare of this amazing treasure with an open dialog with like-minded people.

Thank you for your time.
